

CHANDRAN SHANMUGAM, M.Arch

Job Captain | Architectural Specialist & VDC Delivery Lead | LEED Green Associate (Pursuing)

Location: Bangalore, India | Email: chandran.s.dev@gmail.com | Phone: +91 79040 53633

LinkedIn: linkedin.com/in/chandran-shanmugam-421b7b149 | Portfolio: chandran1515.github.io/Cs-Portfolio-Website-Personal

PROFESSIONAL SUMMARY

Seasoned **Job Captain & Architectural Specialist** with **8+ years** of professional experience leading high-end residential, commercial, healthcare, industrial, and sustainable architectural design projects from Design Development (DD) through Construction Administration (CA). Proven track record producing permitted California architectural drawing packages, international LOD 300–400 BIM models, and **LEED / Title 24 sustainable energy compliance** across 20+ complex projects in the US, Australia, Netherlands, Dubai, and India. Strong architectural design authority complemented by advanced VDC expertise in **Autodesk Construction Cloud (ACC/BIM 360)**, **Navisworks Manage**, and custom **C#.NET Revit API & pyRevit automation**—streamlining pre-construction coordination and eliminating field constructability conflicts prior to site mobilization.

CORE COMPETENCIES

- **Architectural Design & Detailing:** Architectural Design Authority | Design Development (DD) & CD Production | Building Envelope & Waterproofing Detailing | Sustainable Design & LEED Standards | Passive Solar & Massing | Site Planning | California Building Code (CBC/CRC) | Title 24 Energy Compliance | ADA / Accessibility Guidelines | International Building Code (IBC) | Construction Administration (CA) & Site Inspections
- **VDC & Project Delivery Apps:** Virtual Design & Construction (VDC) | BIM Execution Plan (BEP) | Multi-Discipline Clash Coordination (Navisworks Manage) | Autodesk Construction Cloud (ACC / BIM 360) | Procore | Bluebeam Revu | AutoCAD | Rhino 3D / Grasshopper
- **BIM Automation & Technical Stack:** C# (.NET Framework / Revit API) | pyRevit | Python | Dynamo | Automated QA/QC Model Auditing | Custom Add-In Development | Git / GitHub

WORK EXPERIENCE

STUDIO SCHICKETANZ | Bangalore, India (HQ: Carmel-by-the-Sea, CA)

Job Captain & Architectural Delivery Lead | Sep 2022 – Present

- **Directed architectural design development (DD to CD)** and permit set creation for 4+ luxury coastal residences in Carmel-by-the-Sea, CA, designing custom wood-and-steel joinery, high-performance building envelope details, and slope-adapted foundations.
- **Spearheaded LEED & Title 24 energy efficiency compliance**, optimizing building envelope thermal performance, passive solar orientation, and natural day-lighting to achieve **100% first-pass plan check approvals** with California building departments.
- **Managed multi-discipline consultant coordination** across structural engineers, MEP consultants, civil engineers, and general contractors via **Autodesk Construction Cloud (ACC / BIM 360)**, **Procore**, and **Bluebeam Revu**.
- **Executed detailed construction administration (CA) support**, reviewing contractor submittals, answering field RFIs, and issuing constructability detail revisions to maintain design fidelity during construction.
- **Engineered custom C#.NET Revit API add-ins** (*SheetCraft*, *Keynote Browser*, *Auto-Tagger*), automating repetitive view creation and sheet setup to **reduce CD production setup time by 40%** across 15+ California building projects.
- **Coordinated LOD 300–400 BIM models in Navisworks Manage**, conducting pre-construction clash detection and automated pyRevit/Dynamo QA/QC audits to resolve constructability conflicts before site mobilization.

JARINAM PARALLELSPACE PRIVATE LIMITED | Bangalore, India (Remote)

BIM Architect | Dec 2021 – Oct 2022

- **Coordinated LOD 300–350 architectural BIM packages** for international commercial and industrial developments, including the **Lane Cove Warehouse** (Australia) and **Fitton Engineering Warehouse** (Dubai).
- **Developed high-LOD multi-family residential BIM models**, leading drawing production for **Hafeez Contractor Apartment R16 & R7** developments in Pune and custom **Hosur Residential Estate**.
- **Managed interior architectural modeling & BIM detailing** for commercial retail spaces, including **Form Silks Commercial Interior** in Bangalore.
- **Executed interdisciplinary BIM clash detection** in Navisworks Manage and enforced BIM Execution Plan (BEP) modeling standards across project teams.

PINNACLE TECHNOLOGY SERVICES PVT LTD | Hyderabad, India (Remote)

Revit Jr. Modeller | Jul 2021 – Dec 2021

- **Delivered constructible LOD 300–350 architectural BIM models** for international clients, specializing in **Netherlands Housing BIM** developments.
- **Modeled detailed architectural components, wall sections, and floor plan assemblies**, adhering strictly to European architectural graphic standards and client CAD/BIM specifications.

NEURAL DESIGN AND CONSTRUCTION LTD. | Madurai, Tamil Nadu, India

Architect & Project Lead | Jun 2019 – Jun 2021

- **Spearheaded architectural design and CD packages** for flagship projects including **Urban Primary Health Centre (UPHC @ Chennai)**, **Pandian Nagar Row House (Madurai)**, **Mr. Suriya Pandi Residence**, **Thagapandi Residence**, **Madurai Tin Industrial Factory**, and **Courtallam Eco-Resort**.
- **Gained extensive project management experience**, leading client meetings, contractor negotiations, vendor procurement, and supervising component installation on site.
- **Integrated sustainable building materials and passive cooling strategies** tailored to South Indian climate conditions.

FREELANCE ARCHITECT | Madurai & Bengaluru, India

Architect & Design Consultant | Sep 2017 – Jun 2019

- **Designed and delivered complete architectural packages** for **Star Palms Residential Complex** (Banaswadi, Bengaluru) and **Commercial Complex** (100ft Road, Bengaluru).
- **Managed client consultations, contractor negotiations, material procurement**, and on-site construction supervision to ensure structural integrity and timely delivery.

IVER ARCHITECTS | Chennai, India

Architectural Intern (Post Graduate) | Dec 2018 – Mar 2019

- **Developed architectural design proposals, DD packages, and working drawings** for commercial and residential projects, conducting site visits, plan renderings, and client presentations.

INEIDOS | Bangalore, India

Architectural Intern (Under Graduate) | Dec 2015 – Jul 2016

- **Created concept design diagrams, research documents, technical working drawings**, and perspective renderings from schematic design through Design Development.

FEATURED ARCHITECTURAL & SUSTAINABILITY PROJECTS

- **Carmel Coastal Luxury Residences (Carmel-by-the-Sea, CA, USA)**: Managed architectural design development, building envelope waterproofing, Title 24 energy compliance, and LOD 400 BIM coordination for luxury coastal residences.
- **Urban Primary Health Centre (UPHC Chennai, India)**: Led architectural design proposals, DD, and CD documentation for public healthcare infrastructure.
- **Lane Cove & Fitton Engineering Warehouses (Australia & Dubai)**: Modeled LOD 300–350 industrial architectural BIM packages and structural interfaces.
- **Star Palms & 100ft Road Commercial Complex (Bengaluru, India)**: Designed multi-story commercial and residential developments from concept to construction administration.
- **Custom Revit API Suite (SheetCraft & CS Labs Tools)**: Programmed C#/.NET tools for automated sheet setup, batch view placement, and model QA/QC, adopted firm-wide to save ~12 hours per project per designer.

EDUCATION & CREDENTIALS

- **Master of Architecture (M.Arch)** — Meenakshi College of Engineering, Anna University, Chennai (2019)
- **Bachelor of Architecture (B.Arch)** — Tamilnadu School of Architecture, Coimbatore (2017)
- **Registered Architect** — Council of Architecture (COA), India
- **LEED Green Associate** (Pursuing / Sustainable Building Certification)
